

WILL NOT BOTTLE UP PORT ARTHUR HARBOR

Japs Will Strew Mines And Lay in Wait Outside.

They May Invest the Place by Land---Japanese Troops Repulsed.

ONE JAPANESE CRUISER IS REPORTED LOST

St. Petersburg, April 18.—According to information received today the Japanese have abandoned the project of bottling up Port Arthur. Henceforth they will strew mines everywhere to catch if possible unwary Russian battleships. In the meantime the Japanese fleet will wait outside the harbor.

WILL RESIST SQUADRON.

Rome, April 18.—A dispatch from Harbin, Manchuria, conveys the intelligence that a squadron of Japanese warships has arrived near Vladivostok and the commandant of the town is preparing to resist the attack of the squadron and the work of completing the fortifications is proceeding with feverish energy.

NEEDS MUCH ROPE

St. Petersburg, April 18.—Replying to a question by the czar why he was not taking any prisoners, General Koshchinsk, commanding the Russian forces at Yulu, telegraphed: "Don't find it convenient to keep prisoners as I am not well supplied with rope."

JAPANESE TRANSPORTS ARE SIGHTED.

St. Petersburg, April 18.—The Port Arthur correspondent of the Novoye Vremya writes that reports are current there that Japanese transports have been seen off Yinkow, a seaport of New Chwang. The correspondent adds that the Russian troops are impatient to meet the Japanese on land.

A REPORTED LAND BATTLE.

St. Petersburg, April 18.—A report has reached here that another battle is raging on the Yulu river. According to the report thirteen thousand Japs attacked the Russians. The first report says the Japs were driven back, but later dispatches say that positions of the forces are unchanged.

JAPANESE CRUISER REPORTED LOST.

St. Petersburg, April 18.—A dispatch from Port Arthur says several eyewitnesses assert that a Japanese cruiser was lost outside Port Arthur April 12 by striking one of its own floating mines.

INVESTMENT BY LAND.

Tien Tsin, April 18.—A report reached here today that seventy Japanese transports have been sighted heading for Kinkuan, 75 miles to the rear of Port Arthur. The landing by Japanese here would mean beginning the investment of Port Arthur by land.

LANDING PARTY REPULSED.

Tien Tsin, April 18.—It is reported from a credible source that the Japanese have succeeded in landing a force near Port Arthur which was repulsed with heavy loss.

SHORTER HOURS

WILL BE ASKED BY THE TINNERS' UNION OF PADUCAH.

There has been some conflict of opinion for the past several weeks relative to what the tinner's union would do in regard to asking for an increase in wages May 1. It is announced today that the union has decided to ask an eight hour day, instead of a nine hour day, which they now have.

No change in wages will be asked. The minimum paid now is \$2.50 a day for nine hours.

August 24, 25 and 26, have been selected as the dates for holding the annual meeting of the Kentucky Sunday School association in Henderson.

THE DESTROYER WILL COME HERE

Gunboat Nashville Unable to Make the Trip.

Her Little Companion Will Stop at Paducah Either Going or Coming.

DUE HERE TOMORROW

The gunboat Nashville will not come to Paducah, it is at last definitely decided, but the destroyer Lawrence will, and Paducah people may count on seeing the latter vessel soon.

Commander Hubbard was unable to pass under the bridge at Memphis when he arrived, and would doubtless also have been when he reached Cairo had he attempted to come up the Ohio. Besides his time is short, as he is due to beat St. Louis soon. He will accordingly head the Lawrence up the Ohio, and she will stop at Paducah either as she goes to Evansville, or when she returns.

The torpedo boat destroyer, Lawrence, was built by the Fore River Ship and Engine company, of Quincy, Mass. Her length on load water line is 240 feet and ten inches, with an extreme breadth of 22 feet and 3 inches. Her mean draft is 6.94 feet and with a displacement of 446 tons her engines are of the type known as the twin screw vertical inverted triple expansion with Thornycroft boilers, developing on her trial, 6,575 horse power, giving a speed of 28.4 knots per hour. Her maximum draft when ready for sea with bunkers full is 9.0-1.4 feet.

Her armament consists of two long 18 inch Whitehead torpedoes. Two 3 inch rapid fire and five 6 pounders. Her complement of men includes three officers and 6 men. She was put in commission April 14, 1903, and cost \$281,000 exclusive of armament.

The Lawrence is commanded by Lieutenant Andre M. Proctor, who is a native of Franklin, Ky., and Lieutenant Roland I. Curtin, the navigator.

Today's Memphis Commercial Appeal states that the Lawrence will leave Cairo for Evansville Ind., Thursday morning at daylight with sealed orders, and the commander himself does not know what he will do, whether he will make any stops or not on the way up. It is generally believed that the craft will stop here on its return down from Evansville.

It can run 32 miles an hour, and is expected to make some good time as it passes Paducah. The Nashville will probably remain at Memphis until Wednesday and then go direct to St. Louis. The Lawrence is expected to go from Memphis to Cairo in ten or twelve hours, and this is 230 miles, she ought then to come to Paducah from Cairo in two or three hours, putting her here about 6 p. m. tomorrow, possibly earlier.

MAD MULLAH

HAS BEEN ROUTED FOR THE PRESENT.

London, April 18.—In the house of commons today Secretary of War Foster announced that Mad Mullah had been routed and that military operations in Somaliland would accordingly be discontinued.

RAILROAD MEN

HAVE DECIDED TO JOIN THE REPUBLICAN PARTY IN SPAIN.

Madrid, April 18.—It is learned that the Spanish railroad men whose organization numbers eighty thousand have decided to join forces with the Republican party.

Dr. Lee Norman, of Louisville, has returned home after visiting his niece Mrs. Enoch Brown, of South 11th street.

ATROCIOUS CRIME IS NOW CHARGED

Hopkinsville Negroes Arrested for Murdering Old Man.

A Grasshopper Pest in Texas—442 Armenians Are Massacred.

CLEMENCY ASKED FOR BANDITS

Hopkinsville, April 18.—Laura Brinn, Martin Brinn, Rose Garrett, colored, were arrested today charged with the murder of Edmund Brinn whose body was found in the river Saturday. Laura is the dead man's divorced wife and Martin his stepson. Brinn was demented and had but one arm.

GRASSHOPPER PLAGUE.

Ft. Worth, Tex., April 18.—A million grasshoppers are devastating the crop in Brazos Valley. It is estimated the crop will be practically ruined.

442 MASSACRED.

Constantinople, April 18.—Reports from Armenia state that 442 Armenians, mainly women and children, have been massacred in the neighborhood of Sissium since February.

WILL ASK CLEMENCY.

Springfield, Ill., April 18.—An appeal for clemency for the car-burn bandits of Chicago will be made Wednesday to the state board of pardons.

MONSTER TOW

The Sprague Passed Down Yesterday With 52 Pieces.

Had Over a Million Bushels of Coal—Joe B. Williams Followed.

The biggest towboat in the world, the Sprague, passed down yesterday afternoon with 48 coal boats and four other pieces. She had aboard 1,200,000 bushels of coal, one of the largest tows ever taken down the river. She was accompanied by a tug, which is to assist in keeping the big tow in shape, and is something of an innovation. It is believed that the big steamer will make the trip without accident.

She was followed last night by another big boat of the combine, the Joe B. Williams, which also had a big tow. All the coal possible is being rushed south, as low water will soon prevent the shipment of much more.

THE DAWSON HOTEL.

MESSRS. I. D. WILCOX AND T. W. BAIRD GO UP TO TAKE CHARGE.

Messrs. I. D. Wilcox and Tom W. Baird went to Dawson today at noon to take charge of the New Century hotel. Mr. Baird will oversee the cleaning up of the hotel and the regular spring opening will be announced as soon as the preliminary work of cleaning up is finished. Mr. Wilcox will run the hotel and under his management it will undoubtedly be a success this season.

JURIES AT WORK IN LOCAL COURTS

Judge Walter Evans Began Federal Court Today.

The Circuit Court Begins Its Last Week of Criminal Business.

NEWS OF THE OTHER COURTS

The regular April term of federal court convened here this morning at 9 o'clock in the county courthouse, Judge Walter Evans presiding, and will remain in session probably no longer than three days, unless some case such as the Roberts damage suit against the city requires more time than ordinarily is given in this tribunal. The court is being held in the county court room, the postoffice annex not being complete, and rendering it impossible for Judge Evans to hold court in his regular court room.

Judge Evans, district attorney R. D. Hill, Assistant District Attorney M. H. Thatcher, Marshal A. D. James and his stenographer, Miss Hortense Horton; Chief Deputy Marshal Walter Blackburn and Court Crier W. S. Kenn, the latter colored, composing the entire party of court officials, arrived in Paducah last night at 6 o'clock and most of them are at the Palmer. There are several prominent attorneys from other cities here and this will be an interesting term of court.

The first work of the court this morning was to empanel the grand and petit juries.

The grand jury was empaneled but it was subsequently learned that J. E. Johnson, one of the jurors, was postmaster at Lola, Ky., and the jury had to be gone over again and the work of empaneling repeated. This delayed court some, but the jury settled down to business shortly before 11 o'clock.

The grand jury was empaneled as follows: H. L. Blackford, city; Sandy Slayden, city; Henry Berbling, Wickliffe; John S. Woodall, Crayneville; E. N. Crayen, Princeton; H. B. Wilkinson, Cadiz; J. J. Seay, Hickman; A. V. Wells, Carmack; Kell Evans, Springfield; Wm. I. Campbell, Bandana; M. A. Thompson, Cadiz; A. L. Barber, Murray; J. W. Clark, Kirksey; J. J. James, Marion; John P. Scott, Mayfield; William C. Carlick, Fancy Farm.

The petit jury was empaneled as follows: Alex Drowry, city; L. S. DuBois, city; J. J. Clark, city; Matt Husbands, city; Y. S. Campbell, Crayneville; C. W. Blanks, Kirbytown; S. D. Griffey, Moscow; P. P. Shenwell, Oak Level; John Easley, Ford Ferry; W. H. Jones, Princeton; J. W. Neely, Marion; J. F. Nunn, Fulton; Henry Reynolds, Shady Grove; A. Wehle, Golden Pond; Henry Thompson, Otter Pond; H. C. Workman, Murray; J. D. Shaffer, Bardwell; W. Cherry, Cadiz; Frank Shaw, Bandana; L. P. Ellison, Hickman; R. M. Metheny, Hickman; B. F. Gent, Fincry Farm; W. E. Sublet, Clinton; James R. B. Cole, Fredonia; W. R. Perry, Browers; M. L. Chestnut, Gilbertsville; J. T. Russell, Shiloh; J. Frank Dunn, city.

The bailiffs appointed by the court this morning are Mr. C. W. Meacham, white and Isaac Nuckolls, colored.

John Jackson, colored, charged with raising bills got a continuance this morning until tomorrow.

The case of Antman & Taylor Co. against W. O. Hargrove was continued.

Sam Carter, indictment, was filed away with leave to reinstate on the docket.

The following cases were settled by finding for defendant. They are the Dawson Springs accident cases. John G. Miller, adm. of Johnnie Smith against the I. C.; L. E. Stephenson, adm. of Luch Stephenson, against the I. C. R. R.; Annie Nickols against the I. C.; Thos. W. Gregory, adm. of J. W. Gregory, against the I. C.; Ada Robinson, adm. of R. J. Robinson, against the I. C. and T. J. Wild, adm. of Lloyd

STATE BANKS WIN THE FIRST VICTORY

Judge Gregory Holds That The Depositors Own The Money.

All Deposits Should Be Listed, But Should Be Listed By The Depositors.

AUDITOR'S AGENT HAD AUTHORITY TO SUE

Louisville, Ky., April 18.—Auditor's Agent Lucas, of Paducah, who brought suit against all the state banks in Kentucky to collect more than \$1,000,000 in back taxes, loses out according to the decision rendered this morning by County Judge Gregory.

The petitions decided were those filed against the Bank of Commerce, which it had been mutually agreed by attorneys on both sides to try out, and all were dismissed as a result of the decision.

An appeal, as expected, will be taken immediately to circuit court, and from there the question will be taken to be finally adjudicated before the court of appeals.

Judge Gregory holds that the depositors and not the banks are the ultimate and real owners of the wealth represented by deposits or investments. Therefore, the depositor should be required to bear the burden of taxation upon that character of property. This means that the depositor is expected to schedule all his deposits on his personal assessment, and pay taxes on them.

Judge Gregory decides further that while the legislature might require a bank as trustee in possession of these

funds, to list them for taxation, it has not done so, but has expressly required in section 4,058 that they should be listed by the depositors.

Judge Gregory decides that either a revenue agent of the state at large, or a local revenue agent, may institute and prosecute action to require omitted property to be listed for taxation, without the authority of the auditor. This controverts Auditor Hager's effort to dismiss the actions brought by Agent Lucas against the banks.

Judge Gregory's decision was not a surprise, as it has been generally predicted throughout the state by the best lawyers, that Auditor's Agent Lucas' contention was one that could not be sustained by the courts.

All the cases will be decided as the one decided today is finally decided in the Court of Appeals, as according to the agreement. Every possible means of getting the case passed on at once by circuit court will be used, and taken thence to the Court of Appeals, as it is the desire of both sides to immediately reach a settlement that will decide the question for all time to come.

Attorneys Taylor & Lucas, Paducah, represented the plaintiff, and Humphrey & Humphrey the defendants.

Schimmel, against the I. C.

Tom Reed, colored, who made a false affidavit in pension case, pleaded guilty this morning but no sentence has yet been imposed by the court.

At press time the case of Query against the I. C., damage case for personal injury, was on trial.

M'CRACKEN CIRCUIT COURT.

Judge William Reed, of the McCracken circuit court, this morning finished all cases set for today on his criminal docket and adjourned court at 11 o'clock. This is the first time that the criminal docket has been cleaned and the judge has been enabled to adjourn court for the day before noon, in many years.

James O'Day, the machinist who attributed his downfall in criminal circles to the excessive use of liquor, pleaded guilty to breaking into the I. C. shops and several other places and was given three years.

O'Day came staggering down the I. C. tracks early one morning with a grip full of tools, whiskey, collars, cuffs, barber implements and many other articles he had stolen from houses he had broken into.

Two other cases against him for breaking into the saloon and dwellings were dismissed as he got a pretty heavy punishment.

Henry Hobbs, colored, who while intoxicated poured boiling water over Vina Bell and came near scalding her to death, was given six months in jail this morning and fined \$250.

Richard Brown, colored, who stole a lot of wire and sold it as his own, pleaded guilty and was given one year in the penitentiary.

J. N. Pitt, J. G. Switzer, U. S. Winstan, J. S. Tomlinson, J. K. Bondurant and J. H. Graves were excused as petit jurors and J. M. Hart, R. S. Barnett, C. W. Morrison, J. A. Bauer, J. T. Powell and Jacob Gish substituted.

Thomas Wood was given one year for malicious cutting.

The case of Boenke-Taffel Co. against Eubanks was dismissed.

Charles Root was granted a divorce from Bonnie Root.

POLICE COURT.

Most of these charged with failing to pay city license were dismissed today because they had paid up. H. A.

Rose, the lumber man, however, was fined \$5 and costs for failing to pay. Manager J. E. English was fined but it was set aside as he had paid the license and it had not been reported to the officers.

Tom Ross, the painter, was fined \$1 and costs for being drunk. He said if the court would let him off he would not get drunk again for a year. Judge Sanders said if Ross would keep sober for a month he would be let off, but that if he is arrested again inside a month he will be made to serve both fines.

James D. Brite and Ed Roadcap, were fined \$1 and costs for drunkenness.

George Wright, colored, was dismissed for a breach of the peace and the case against Gus Williams, colored, for stealing a sack of oats, was put off until next Monday.

The case against the I. C. for blocking Campbell street longer than allowed by law, was continued.

E. Pierson was acquitted on a breach of the peace charge.

Wm. Bradshaw, colored, for cutting Clayborn Cowhorn, was acquitted, and Cowhorn was fined \$20 and costs for a breach of the peace.

George and Guy Dean, boys, were granted a continuance on a breach of the peace charge, and a warrant was sworn out against James Bryant for a breach of the peace in the same case.

DARING ATTEMPT

PRISONERS SET FIRE TO JAIL AT CARLSLE, KY.

Carlsle, Ky., April 18.—A desperate attempt was made by six prisoners to burn the jail this morning. They set fire to the bed clothing in the absence of Jailer Brown and hoped to escape during the excitement. They were held at bay until the fire was extinguished. The jail was considerably damaged.

MARINE WAYS START.

The Marine Ways started up again this morning after an idleness of several weeks on account of high water. Captain Williams has a great deal of work to do and will keep his men busy for several months with the work at present contracted for.

WERE BADLY ROUTED BY THE INDIANS

Diels of St. Louis Bated by
Score of 25 to 5.

A Large Crowd Out to Witness the
Sport—Memphis Here
Today.

LATEST IN BASEBALL CIRCLES

The Paducah K. I. T. team defeated the St. Louis Diels in an interesting game of baseball at Wallace park yesterday afternoon in the presence of over 1,200 by a score of 25 to 5. So slow was the playing that the fans got disgusted and made a kick. The Paducah aggregation, it is evident, however, is a fast one and will make the others hustle for their game this season.

The Diels soon saw that defeat was inevitable. Nippert lead the local team in hitting and his batting was terrific. He has a reputation with the stick and it was only until lately that he "got his optics on the sphere." The entire bunch of local players hit well.

Freeman twirled for Paducah and they couldn't do a thing to his pistol and drop balls.

Today the Memphis Southern league team comes for a series of three games. The Tennessee aggregation arrived at 1:30 and is a fast looking bunch. Girard will do the box work for Paducah today and Hudson will probably be on the slab tomorrow.

Jackson is anxious to re-enter the K. I. T. league and negotiations are said to be on between baseball promoters in the Tennessee town and the Hopkinsville Baseball association, looking to the purchase of this city's franchise. The local managers say they will not sell the franchise if they meet with anything like proper encouragement in selling stock among the citizens. Only \$1,000 worth of shares will be offered at \$5 a share and it is believed that the full amount will be subscribed for, and that Hopkinsville will retain its membership in the league.—Hopkinsville New Era.

The Cairo team has secured the signatures of Dummy Hughes and Wallace to contracts for the season. Peek Butler will be found in right field and Eddie Powers in center. The latter turned down an offer of \$135 from Ft. Wayne, preferring to play at home. Dummy on first, three men trying out for second, Glover at short, Richards at third, two catchers and 10 pitchers from whom will be selected a staff or four, will give Cairo a team much stronger than last year, that will be very much in evidence in the pennant race.—Cairo Bulletin.

The manager of the Vincennes team is known as "Wee Willie" Popp. What the rosters will do to a man with that kind of a cognomen will doubtless be sufficient.

The following have already been signed by Vincennes: William Popp, manager, captain and pitcher; Pettett and Hoffman, catchers; Alva Porter, left fielder; Ritchie, pitcher; Bidding, first base; Hinkle, second base; Ellis, third base; Steve Cliff, shortstop.

President W. M. Hancock, of Hopkinsville, signed the following new players: R. W. Whitehead, Louisville, second baseman; Charles Chalkley, Shelbyville, Tenn., third baseman and outfielder; J. B. Marshbanks, Nashville, pitcher.

Neat pamphlets containing the constitution and bylaws of the K. I. T. league have been sent to the newspapers and club managers in all the cities in the league. It is expected that all the boys will read up on them.

Armstrong, captain of the East St. Louis club, remained in Paducah and today left for Hoptown to manage the club at that place.

Frank Pears, formerly manager of the Paducah Central league team, is now an umpire in the American league.

Newt Fisher's Nashville team that Paducah defeated a week ago beat Louisville Saturday by a score of 6 to 2.

DOG RUNS AMUCK ON NORTH SIDE

Bit Ten or a Dozen Other Animals.

Several Killed—Watch Lost By Mr. Bob Richardson—A Messenger Boy Out.

A NEGRO SHOT SATURDAY

Chief of Police Collins stated today that yesterday a dog went mad on the North Side in a negro settlement, and bit at least ten other dogs, some of which were reported to be running about also foaming at the mouth and trying to bite other animals. Up to this morning three of the animals were reported killed, and the others were being looked for.

Chief Collins says that the season is approaching when dogs will become a menace to the town, and that he is trying to thin them out, and hopes to have the co-operation of the people. Chief Collins does not desire to take up or kill dogs and does not think the present license is a just one, but the law requires him to take the steps he does and he expects everybody to pay the dog tax or be prosecuted. There are now a dozen or more dogs at the city hall awaiting death unless redeemed, and judging from their appearance they will hardly be the latter.

The police have not been able to find the negro who out Lovell Bryant, a messenger for the Western Union. The boy claims the negro attempted to take his bicycle away about dark Saturday at Second and Jefferson and he, Bryant, struck him in the face, whereupon the negro stabbed him slightly in the hip. The injury is so slight that it did not keep the boy from work. The police have no description of the negro and think the boy must be mistaken as to the negro's motives, as if he were as large as the boy says, he could easily have taken the bicycle if he had wanted it.

Ad Jones, colored, is wanted for shooting Lee Walters, colored, on South 13th street about 1 o'clock Saturday night. It is claimed that the men quarreled and Jones drew a pistol and shot Walters in the stomach. The latter was taken to the city hospital, apparently shot through the bowels, and City Physician Rivers did not think he would live through Saturday night, but he did, and today sat up a while. He will probably recover. Jones escaped and only meagre particulars of the case of the shooting are known.

Mr. S. A. Donnell, the clever secret service man who worked up the Calloway county counterfeiters' cases for the government, is in the city today attending federal court. He is very popular with those officers in this district who know him and is one of the best men in the government service.

At the closing of the city treasurer's office this afternoon there will probably have been 275 dog licenses come in. Saturday there was quite a rush, over 50 dogs having been licensed. This morning there had been an even 240 in all, and they were still coming in.

DEDICATE TEMPLE
BEAUTIFUL NEW STRUCTURE
IS COMPLETED AT COST
OF \$30,000, AT EVANSVILLE.

Evansville, Ind., April 18.—The beautiful new temple of the congregation B'Nai Israel, at the corner of Washington avenue and Upper Sixth street, was dedicated Saturday with elaborate ceremonies.

Two of the most prominent rabbis in the country were here to take part in the ceremonies. Rev. William Roseman of Baltimore and Rev. Dr. Isaac L. Rypins, of St. Paul, Minn., the former connected with the local congregation. A feature of the services was the part taken by Dr. J. W. Turner, a prominent Methodist minister and presiding elder in this district. He made the invocation at the services and spoke briefly on the topic of "Christian Unity." This is the first time in the history of the city that a Protestant minister has taken part in a Jewish service. The new temple cost \$30,000 and is one of the finest in the state.

The New York Life Insurance company filed three suits against William Egard, a former agent of the company, and Fred H. Frayser, of Henderson, demanding the surrender of three policies on Frayser's life aggregating \$60,000. Fraud and collusion on the part of both defendants are charged.

HEAVY FROST

But Farmers Say it Did no Damage in This Section.

The Minimum Was 38 in Paducah Last Evening—Light Frost Today.

Frost, according to the farmers, was plainly visible both this morning and yesterday, but it seems to be the general opinion that it did no damage. There seemed to be a difference of opinion relative to the frost, some claiming that there was none either day, but the consensus of opinion was that there was frost, and a heavy one.

The minimum temperature in Paducah was 38 degrees last night, sufficient under proper conditions to produce frost in the city, but in the country it got much cooler.

The Courier-Journal yesterday says of the conditions that have prevailed in the state:

The alarm felt as to the result of the prevailing cold season on the peach crop in Kentucky is general, and especially are the owners of orchards interested. The weather conditions at this time are being watched closely, as the peach trees are just beginning to put out their buds, and are in such condition that a slight freeze would mean the destruction of a large percentage of the coming crop.

The fact that there has been little weather warm enough to develop the buds to a great extent leaves a ray of hope that even if a freeze came, with accompanying frost, there might still be a chance for the peaches. Owners of peach orchards say their trees are a little backward this season in putting out their foliage and blossoms, and are congratulating themselves that such is the case.

HOTEL BURNED

300 GUESTS AT INDIANAPOLIS
HAVE NARROW ESCAPE.

Indianapolis, Ind., April 18.—The Occidental hotel, one of the oldest hotels in the city was burned Sunday. More than 300 guests were in the hotel at the time, and it was with difficulty that they were removed to places of safety.

The Occidental hotel was four stories high and fronted for half a block on Illinois street, from the corner of Washington south to Pearl street. It was valued at \$60,000, and is practically a total loss.

HEALTH IS YOUTH.

Disease and Sickness Brings Old Age. Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. GENERAL COUNCIL LOSES A POINT

Court of Appeals Decides an Important Question.

The Board of Public Works May Let the Contracts for Original Street Improvements.

WENT UP FROM LOUISVILLE

The court of appeals has just decided an important case from Louisville which will no doubt apply in Paducah should a controversy ever come up involving the questions which arose in Louisville. The decision sustains the lower court in holding that the general council does not have to approve any contract made by the board of public works with contractors for the original improvements of streets.

There is quite a difference in reconstructing streets and the original improvement of them. The street paving now being done in Paducah, and that to be done with the \$100,000 bond issue, are "reconstruction work" and half is paid by the city and half by the property owner.

In opening new streets, and grading and graveling, or paving them, however, the costs are being paid by the property owners, and it is known as "original construction." The court of appeals decides that the latter contracts may be let by the board of public works, after the ordinances necessary for the improvement have been passed by the general council, and that the contracts do not have to be submitted to the general council for ratification.

The Courier-Journal says of the decision:

"The decision is an important one and settles for all time the right and power of the general council to refuse contracts for original street work because of any defect in the contracts themselves or in the bond which is given. For many years all contracts for all sorts of street work have been sent to the general council for approval, this being considered necessary to the legality of the contracts. In order to improve any street which has not already been paved ordinances must be passed by the general council allowing the board to award the contracts. The contracts then went to the general council for approval.

"In the Salvage Construction company case, the contracts amounting to \$37,000, were awarded to the company for the original construction of a number of blocks of streets with vitrified brick. The board of public works approved the bond of the company and then sent the contracts to the general council for approval. The lower court objected to the bond furnished on the ground that the man making the bond was not a resident of Louisville. The city attorney gave as his opinion that in contracts for original construction, the cost being paid by the property owners direct, the approval of the general council is not necessary. A friendly suit was filed to test the question, and the construction company was sustained in every point."

Although Louisville is a city of the first class and Paducah of the second, the principles of law decided are no doubt applicable to Paducah the same as Louisville.

Owing to this same decision in Louisville, a movement has been put on foot by city officials there. They contend that it is not necessary for the general council to meet and go through with the perfunctory duty of allowing their salaries, and whether or not it is necessary for the general council to approve the pay rolls is to be referred to the courts.

The policemen, firemen and others now have to wait until the middle of the month for their salaries very often, which is sometimes embarrassing.

The question, it is claimed, has already been decided by the court of appeals, but it is the thought some new authority may now be presented, and an effort will be made to have the court again pass on it.

The contention is that where money has been appropriated by the general council in the general appropriation ordinance, it is then allowed, and all claims for salary to have to receive is the approval of the proper officials that the work has been performed. The case will be watched with interest by local city officials.

THOMAS LAWSON'S LATEST STUNT

Former Mayor of Grand Rivers Puts on Armor.

He Says He Will Put the Standard Oil Company Out of Business.

HE WANTS TROUBLE BADLY

Thomas W. Lawson, who is well known in Paducah by reason of his being the man who gave Grand Rivers, Ky., its great boom, was for a time mayor of Grand Rivers, and who snuk \$500,000 in the enterprise, is again before the American public.

This time he has essayed the Don Quixote role of putting the Standard Oil company out of business. A Boston dispatch says:

Thomas W. Lawson, best known as a "Copper King" millionaire horse breeder, with a great farm at Cohasset and aspirant for American cup honors, has declared that, unless his death prevents, he is out to fight the Standard Oil company and all its allied interests until he backs it off the map.

In other words Lawson is making trouble by the million. He is known as a trouble maker; everything he has had to do with sooner or later has brought a warcloud into existence. He helped organize the Amalgamated copper, and it is a big lawsuit, or in 115 lawsuits, aggregating the greatest amount of trouble in the courts of the known world today.

He built a cup defender, and became embroiled with the New York Yacht club in a fight which was internationally known. That trouble saw him coming out at the small end of the horn. He was allowed to sail and his boat proved a loser anyway.

The Amalgamated trouble is still brewing. But Lawson is saying publicly that he will spend every cent of money he has in the world to beat the Standard Oil company and its friends into a sense of decency and he cheerfully goes ahead into trouble. Only Mr. Lawson understands by what method he proposes beating the Standard Oil company.

WICKLIFFE COURT

MURDER CASE AGAINST HENRY M'KELLER TO COME UP.

Circuit court began today at Wickliffe, Ky., and there are several cases of interest to come up. The principal one is the murder case against Henry McKellar, white, who hit Harry Berry in the head with a plank at Bandana last fall and killed him, in a dispute over a hog case. McKellar was arrested and feeling was so strong against him that he had to be brought to Paducah for safe keeping. After several weeks in jail here he was taken to Wickliffe and released on bond, and has since been free.

"DO IT TODAY."

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Disposition of the estate of the late Charles L. Fair has been ordered made to his sisters, Mrs. Herman Oelrichs and Mrs. W. K. Vanderbilt, Jr. The estate is valued at \$3,040,000, from which claims of about \$326,000 are to be deducted. G. F. B. Howard, preacher, formerly of Jackson, Tenn., the noted fraud who has served twelve years in prison for misuse of the mails, was released at Memphis. Attorney General Knox declined to take an appeal from the recent decision of the District court.

Body of a Colored Man Found at Hopkinsville.

An Aged Circus Performer Fined at Bowling Green—Deaths in the State.

A CLINTON MAN TO MARRY

Hopkinsville, Ky., April 18.—The badly decomposed body of a colored man was found floating in the river and identified as Ed Bruin, who disappeared from home at Casky on New Year's night. The skull was crushed and the throat had been cut. Bruin was about 65 years of age, and last fall was struck by a train and had one arm cut off, since which time he has been slightly demented.

CAPT. HAVENS' BODY FOUND. Frankfort, Ky., April 18.—The body of Captain W. T. Havens, who committed suicide by jumping from the Louisville and Nashville railroad bridge on the night of March 27, was recovered. John Warren, a fisherman, found the body floating in the river several miles below here. The body was taken to Mt. Sterling for burial. The coroner's jury brought in a verdict of suicide.

OLD TIME CIRCUS PERFORMER. Bowling Green, Ky., April 18.—Gladie Snow, a circus performer, was fined \$5 and costs in the police court here for drunkenness. She is 60 years of age and for years did a song and dance turn with the old Robinson overland circus. Some years ago she married a Turk and expected to meet him here, but failing to do so, got on a "wiz."

DEATHS IN CHRISTIAN. Hopkinsville, Ky., April 18.—Mr. Thomas Meacham died at his home near this city of pneumonia, aged 54 years. This is the third death in one month in this family from pneumonia. Mrs. Jane F. Fritz died here of consumption aged 75 years. Three children, Messrs. Sol and Alex Fritz and Mrs. Harvey McChord, survive her.

BURNED TO DEATH. Bardwell, Ky., April 18.—Mrs. James McAllister, who lives in the eastern section of the county, died from burns received while lighting a fire to do the family washing. Her clothing caught fire and, being alone with her three small children, she burned to a crisp before aid could reach her.

GIVEN 20 YEARS. Owensboro, Ky., April 18.—Estill Darrell, charged with having criminally assaulted his niece, Lillie Darrell Thornberry, was given a sentence of 20 years in the penitentiary. Three of the members of the jury voted for the death penalty. The jury was out eight minutes and only two ballots were taken.

CLINTON MAN TO WED. Clinton, Ky., April 18.—Invitations are out for the wedding of Mr. Jeff D. Williams, assistant cashier of the Clinton Bank, and Miss Elizabeth McCallion, which will be solemnized at the First Baptist church, Arkadelphia, Arkansas, at 8:30 o'clock Tuesday evening, April 26.

DAWSON MAN DEAD. Madisonville, Ky., April 18.—J. H. Gross, a prominent business man of Dawson Springs, died at his home of tuberculosis of the lung. He was 53 years old and leaves a wife and several children. He was buried with Masonic honors.

SHOT HIMSELF TO DEATH. Williamstown, Ky., April 18.—William Chipman, a popular farmer of this county, committed suicide by discharging both loads of a shotgun into his body. No cause is assigned for the act.

ELOPED TO FULTON. Fulton, Ky., April 18.—Mr. Clay Merrill and Miss Jeppie Lee Proffitt, of near here, eloped to this place and were married just before the bride's father arrived to prevent the wedding.

DEATH AT FULTON. Fulton, Ky., April 18.—Mrs. Harriet J. Prestwood, aged 73, mother of Messrs. J. B. and Hays Prestwood, of this place, died from general debility, burial at Dresden, Tenn.

NEW DECISION

Louisville Judge Establishes a Precedent in Insurance Case.

Incontestible Policies Cannot Be Cancelled for Fraud After Death of Insured.

A decision that will be of interest to insurance men all over the state, as well as to policy holders, has been decided by Judge Field at Louisville, and involves the incontestibility clause of insurance policies. The case was that of Marie E. Whitehead against the Kansas Mutual and Illinois Life Insurance Companies. U. N. Whitehead, the plaintiff's husband, took out a policy for \$2,000 in February, 1898, in the Kansas Mutual. He paid the premiums on the policy up to November, 1900, when the company refused to accept the next premium on the ground that Whitehead had secured the policy by fraud, representing that he had no lung trouble, when he was really suffering from consumption. The policy contained a clause providing that it was incontestible after two years except for non-payment of premium. Whitehead died in 1902, having repeatedly tendered the premiums due on the policy to the company. The company as often tendered back those premiums already paid, claiming that it had canceled the policy. Later the Illinois Life absorbed the Kansas Mutual and the former company, when sued by Whitehead's widow on the policy, claimed that it had only assumed the active policies of the Kansas Mutual. Judge Field sustained a demurrer to the answer upon the ground that had the Kansas Mutual wished to cancel the policy it should have brought suit during his life to do so. He having paid the premiums and now being dead, the policy cannot be contested.

PADUCAHAN'S NAME

ALLEGED TO HAVE BEEN FORGED BY LOUISVILLE FUGITIVE.

The grand jury at Louisville has returned six indictments against Sydney Stadden, who was state agent for the Pacific Mutual Life Insurance company and after marrying a young lady at Washington, D. C., a few weeks ago, left for Europe and it is claimed turned up \$4,000 or more short. He is supposed to be now in Paris, France, and detectives will be sent for him, armed with the proper papers.

He is charged, among other things, with forging the name of G. H. Fuller, of Paducah, to a note for insurance premium.

CHESS MASON CAUGHT

SHOT A STRIKER AT JACKSON WHILE MAKING HIS FIRST RUN.

Jackson, Tenn., April 18.—Chess Mason, wanted here on the alleged charge of killing brakeman W. M. Yarbrough on Sunday morning May 10, last year, during a strike on the Mobile and Ohio railroad, was arrested in Arkansas City, Kan., and Chief of Police T. C. Gaston left to bring him here. Yarbrough's home was at Bethel Springs, Tenn., and he was making his first run, having taken the place of a striking brakeman. When the train reached Jackson trouble was precipitated by the strikers, and Yarbrough was shot from his train.

ENGINEER KILLED

FREIGHT WRECK IN THE Y. & M. V. DIVISION OF THE I. C.

In a wreck on the Illinois Central, just north of Water Valley, Miss., Engineer Bob Everett, of freight train No. 72, was killed. The accident was caused by a string of box cars which had by accident run on to the main line. Engineer Everett was pinned under the wreck of his engine. His fireman received slight injuries.

Rear Admiral Capps has reported that the Misconri sustained no material damage from her collision with the Illinois and the explosion in the after turret.

D. Elam and Miss M. E. Stanfield, of this place, eloped to Fulton and were married there by Justice Joe Wade.

JUDGE EVANS' DECISION.

Judge Walter Evans, in the federal court of this district, rendered one of the plainest and fairest decisions on record in an application for injunction in the case of Louisville pickers against striking butchers. Judge Evans holds that if strikers are disposed to obey the law and offer no violence in seeking to accomplish their purpose, they need fear no injunction against them in the courts, for it will not hurt them, or anybody else.

Judge Evans lays down the following fundamental principles of men's rights:

"There are several general propositions which are regarded as settled law, and which it may not be amiss to state: First: Every person has the right to work for whomever employs him. Second: Every person has the right to employ any one who wishes to work. Third: Those who wish to strike may lawfully do so if no contract prevents, and even if it violates a contract, they may do so subject to damages therefor. Fourth: Employers who wish to take the step usually called a 'lockout' may take it when they please, subject to actions for damages for any breach of contract involved in the step. Fifth: Labor unions are perfectly legitimate and possibly necessary, and, sixth, while peaceably and kindly arguments and persuasions are perfectly admissible from members of labor unions in their efforts to induce persons not to take the places of those 'locked out,' or of those engaged in a strike, yet all manner of violence or force in connection with such efforts is wrongful and unlawful."

Of the temporary injunction he granted, Judge Evans says:

"But as the case now presents itself, no harm can come to anybody from granting a temporary injunction. It will in no sense harm the persons enjoined if, as they say they are not doing and in no wise intend to commit, any acts of intimidation or violence. An injunction will assist the union if, as their leaders say, that body is doing what it can to prevent acts of wrongdoing by its members. But, if the complainant's side of the case as presented be the true one, then it has the right to such protection as the law and the courts may afford."

"So I think, not only for the sake of the complainant, which is entitled to protection, but for the sake of the union, which wants to prevent vio-

lence and wrong, and for the sake of the defendants themselves, who may thereby be aided in subduing passion, and in the pursuit of proper courses, that it is better to grant the injunction prayed for. As we have said, good may result in all the ways indicated, while nobody can be harmed by granting the complainant's motion."

WIRE INSPECTOR NEEDED.

The report of the local insurance commissioners, who has made an inspection of the business section of Paducah, calls attention to something long neglected in Paducah—the electric wiring of houses. In many places, says the inspector, he found electric light wires dangling about in all sorts of ways. Some are attached to gas jets, some are suspended from nails, and the insulation of hundreds is allowed through ignorance or negligence to be constantly endangered. If it is not actually impaired.

There should be a regular wire inspector in Paducah. The safety of life and property of the citizens demands it. Other cities smaller than Paducah have such an official, and they all ought to, but unfortunately people do not appear to realize the importance of such protection, and there has never been any action taken in Paducah tending to secure it. The wiring of all houses is presumed to be correct originally, but with the shifting about of things in a building the wiring is apt to become affected in such a way as to endanger the property, both in store houses and residences.

One of the reasons of high insurance rates here is that so little attention is paid to electric wires in Paducah. The big fire last fall may have resulted from a wire. If it did it cost the insurance companies about \$100,000, and some of our citizens large sums, no loss being fully covered by insurance. When such important things are neglected, is there any wonder that insurance companies raise rates? High insurance rates are of importance to the citizens of a place not only because of the additional cost of such protection, but also because they call attention to the defects which endanger property and make the risks of the companies greater. Higher insurance rates are not a cause, but an effect. They are the result of the conditions found in a city, which make risks good or bad. When a city is well equipped with fire departments, has a good water supply, modern fire fighting machines, enough men to operate them, and due attention is paid to keeping buildings clean, and the wiring in good order, there are low rates because the risk is reduced. Otherwise there are high rates because the danger of an insurance company's having to pay heavy losses is increased. In some places, as in Mayfield a few years ago, the insurance companies withdrew, and it is impossible for the people to get fire insurance at any price.

Something should be done in Paducah to protect the people. The average person cannot tell whether or not wiring is in good condition, or properly done and that there is grave danger which needs attention, is shown by the statement of the insurance commissioner, who does not inspect residences at all, and has no authority to enforce changes when he finds where they are needed.

A few years ago the Democratic city council in Paducah, against the sentiment of almost the entire community, repudiated lawful city bonds which had secured for Paducah an important railroad and on which interest had been paid for many years. It at the same time broke a contract with a New York concern, and refused to compromise the case for \$575. A suit was filed for \$10,000, in round numbers, and the other day representa-

LANG BROTHERS SUCCESSFUL.

INDUCES DR. HOWARD COMPANY TO MAKE SPECIAL PRICE.

After a great deal of effort and correspondence Lang Bros., the popular druggists, have succeeded in getting the Dr. Howard Co. to make a special half-price introductory offer on the regular 50 cent size of their celebrated specific for the cure of constipation and dyspepsia.

This medicine is a recent discovery for the cure of all diseases of the stomach and bowels. It not only gives quick relief, but it makes permanent cures.

Dr. Howard's specific has been so remarkably successful in curing constipation, dyspepsia, and all liver troubles, that Lang Bros. are willing to return the price paid in every case where it does not give relief.

The old fashioned idea of dosing with mineral waters, cathartic pills or harsh purgatives will soon be a thing of the past. The best physicians are prescribing Dr. Howard's specific because it really gives the desired results and on account of the small and pleasant dose that is needed.

Thousands of the people offered the same company \$1,500 as a compromise, although the city refused to compromise for \$575 when it had a chance.

The city today paid \$1,800 as a compromise, which shows that while the people may make a great many mistakes, the greatest they make is sometimes in the men they have put in office.

The indications are that the Republican conventions to be held Thursday afternoon at 8 o'clock will be largely attended, and that the Republicans will take more interest in them this year than ever before. This is right. Every Republican should attend the conventions. Every business man should take an interest in the conventions of his party. If he stays away and the convention takes some action he dislikes he is to blame, for it is only by asserting his rights that a man ever gets anything.

AMONG THE CHURCHES

City Sunday School Association Met Yesterday.

Methodist Revival Had Interesting Services Sunday with Five Additions to the Church.

PARIS CHURCH DEDICATED

Bishop E. E. Moss, of the Southern Methodist church, dedicated a handsome new Methodist church at Paris, Tenn., yesterday. Bishop Moss, who is well known in this city, will go to England May 9, to attend the meeting of the English Methodist general conference, as a fraternal delegate from the Southern Methodist church. He has invited Rev. T. J. Newell of the Broadway Methodist church, of this city, to accompany him, but it is likely that Mr. Newell will not find it possible to accept the invitation.

The Paducah Sunday school association held its regular monthly meeting yesterday afternoon at the First Baptist church. There was an unusually good attendance and an attractive program was rendered. Addresses were delivered by Rev. W. H. Pinkerton of the First Christian church and Rev. W. H. Robinson of the Second Baptist church. Music was furnished by Prof. and Mrs. M. D. Potter and Mr. Will Clark.

The next meeting of the association will be held at the Third street Methodist church, the third Sunday in May.

Interesting services were held at the Broadway Methodist church yesterday, in connection with a revival meeting in progress there. Rev. T. J. Newell, the pastor, preached morning and evening and there were five additions to the church. Services are being held this afternoon and will be held this evening at 7:45. The meeting will continue through this week with services at 8 o'clock in the afternoon and 7:45 in the evening.

The second quarterly meeting for the year will be held at Reedland Methodist church, in the county, April 30 and May 1. On May 1, an

all day meeting will be held with special music and a sermon by Rev. J. H. Roberts, presiding elder of the Paducah district of the Methodist church, and probably others. A picnic dinner will be served at the church at noon. This church is in charge of Rev. T. J. Owen of this city.

Rev. O. W. Jennings, of Louisville, lectured at the Union Rescue Mission last night. His topic, which he handled well, was "Look Up, Lift Up."

There were two additions to the First Baptist church yesterday.

CHARLES MEYERS, PRISONER MEETS WITH MISADVENTURE IN JAIL.

Charles Meyers, the man who broke into an I. C. box car several weeks ago and was arrested, held over, indicted and convicted in circuit court and given a term in the penitentiary, got his right arm broken this morning in the jail.

The cage was revolving, letting the prisoners out for dinner when Meyers stepped out. He forgot his pan and attempted to reach in and grab it and caught his arm. The cage broke it just above the wrist, and the fracture is a bad one. His cries were heard by Deputy Jailor Rudolph who stopped the cage in time to prevent any further damage.

When Medicine Fails, Try Liquozone—We'll Pay for it.

We Paid \$100,000

Medicine must fail in a germ trouble, because medicine never kills inside germs. Any germ-killing drug is a poison to you, and it cannot be taken internally.

Liquozone is the only way known to kill germs in the body without killing the tissues, too. It does in a germ trouble what no drugs, no skill in the world, can accomplish without it. To prove this—if you need it—we will gladly pay for a bottle and give it to you to try.

Acts Like Oxygen.

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality. Liquozone is a vitalizer with which no other known product can compare. But germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter. Yet this wonderful product which no germ can resist, is to the human body, the most essential element of life.

For the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others.

That price was paid because Liquozone does in germ troubles what all the drugs, all the skill in the world, cannot accomplish without it. It carries into the blood a powerful yet harmless germicide, to destroy at once and forever the cause of any germ disease. And no man knows another way to do it. Liquozone is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably cures the disease, and forever.

INTRODUCTION SALE

On the 6th day of February we bought the stock of Dry Goods, Notions, Ladies' and Men's Furnishings of John J. Dorian, 314 Broadway, and after a successful clean up sale for 30 days we went to market and bought a swell line of up-to-date Spring Goods, consisting of all the pretty novelties, modest and dainty designs in both cotton, wool and silk Dress Goods, as well as a complete line of novelties in Notions, Ladies' and Men's Furnishings, etc., and to most of the people we need no introduction personally, but we have spent many years in the service of other merchants, striving at all times to do our duty, both to our employers and to the public, and whatever merit is due us along this line we leave for others to judge. We flatter ourselves, however, that we are entitled to a division of your trade, especially as we are prepared to meet any competition in our line. So to bring our business prominently before the people and to show conclusively that we can and will meet competition and in this sale excel them, we have arranged a **Special Introduction Sale**, making extraordinary big cut in prices, and we assure you that everything will be sold exactly as advertised. We quote a few prices below, but remember that they are only good for Monday, Tuesday, Wednesday and Thursday, and some of the goods may not last that long.

HER BABIES' PRATTLE TORTURED HER

Run Down, Sick, Moody, Irritable—This Burdened Mother "Often Wished She Had No Children"—But Today She is Bright, Strong, Cheery, Well, Quickly Braced—Invigorated and Cured by the Celebrated Nerve Vitalizer and Tonic.

Paine's Celery Compound

In hundreds of homes there is presented this bitter spectacle, the mother who feels no joy in leaving her children about her, whose quivering nerves wince at the happy chatter, as if from the sting of a wasp.

"Too many a discouraged woman or man has recourse to the coffee pot—or to a still more insidious stimulant—and the result is nervous and physical wreck, and a saddened home."

This tired, nerve-racked mother—Mrs. A. P. Ellen—was wise enough to build up her system and her nerve forces quickly, instead of taking a stimulant like coffee to burn them up. She writes: "I am the mother of a large family, and household duties completely wore me out."

"I became nervous and run down and had no appetite. I was so nervous that my children's talk, which always amused me, became a source of irritation."

"I often wished I had no children. About three weeks ago I began taking

Paine's Celery Compound, and it is a blessed medicine. It certainly has restored my temper and appetite. My nervousness has all disappeared. I am grateful for the discovery of such a great remedy. MRS. A. P. ELLEN, Mount Washington, Pa.

Cincinnati, Aug. 26, 1913. "I heartily recommend Paine's Celery Compound, as I have used it for several purposes, and keep it constantly in the house. I say 'Once used, always used,' especially in the case of all women."—Miss Essie Lloyd, 1251 Russell St.

WED IN NEW YORK

News has reached the city of the marriage of Mrs. Laura Sanders Johnson, formerly of Paducah, and Mr. Robert Campbell Clark, of New York. The couple will sail Thursday for Bermuda, and will be at home after May 1, at the Hotel Alabama, East Eleventh street, New York.

The bride has been a widow about two years and went to New York a year ago to enter a professional career. Her marriage will come as a surprise to her Paducah friends.

She is a daughter of Mrs. B. A. James, of Evansville, and a niece of Mrs. Laura Fowler and Mrs. Mamie Cobb, of this city. She spent her childhood in Paducah and resided here for a while after her marriage. She has always been a recognized belle and beauty.

The groom is said to be wealthy.

STRANGERS WED HERE.

A rather romantic marriage took place Saturday evening at the Palmer House, Miss Gertrude Raymond, of Charlottesville, Va., and Mr. Christopher Urwick, of London, England, were married at 9 o'clock, Rev. W. H. Pinkerton, of the First Christian church performing the ceremony.

The couple had met in Louisville by appointment, intending to go to St. Louis to be married, but decided to wed here instead.

The bride is a handsome young woman and belongs to an aristocratic Virginia family and the groom is a wealthy foreigner. They met in New York several years ago, while Mr. Urwick was making a tour of this country. The couple left today for St. Louis on their wedding trip.

WEDDING OF INTEREST HERE.

Invitations have been received in this city to the marriage of Miss Jennie Louise Magee, to Mr. John Thompson Clement, in St. Louis, April 26. Miss Magee is a daughter of the late Ben L. Magee, formerly of this city, and is a niece of Mrs. Will Byrd, of South Sixth street.

Mr. C. A. Fowler of Weolville, is in the city.

Mrs. S. Johnston has gone to Evansville to visit.

Mr. Ernest Baumgardner has returned from Mayfield.

Mrs. Roy McKinney has returned from Hickman.

Mr. Urey Woodson has returned from New York.

Mrs. John Street, mother and two daughters, are visiting in Brookport, Ill.

City Solicitor Ed. H. Paryear has returned from a business trip to Arkansas.

Prof. W. G. Doid and little Miss Susan Doid went to Cadiz Saturday on a visit.

Mrs. Samuel Headles, of West Madison street has returned from visiting in Wingo.

Mrs. Edwin Colley returned from Memphis this morning after a short visit to friends.

Miss Clara Woodall, of Crayneville, Ky., is visiting Miss Olga List, of South Fifth street.

Attorney A. Y. Martin returned from Memphis this morning where he had been on business.

Councilman Young Taylor and Charles Hart went to Eddyville this morning on business.

Mr. W. H. Bennett, of the Jones store, will move back to Livingston county in a few days.

Mrs. Ed Shanks of St. Louis, is visiting relatives in the city. She will return home tomorrow.

Mr. Emile Stetefeld left for Louisville at noon yesterday after visiting his brother, Dr. M. Steinfeld.

Mrs. Emma Rehkopf has gone to Fulton, where she was called by the death of her aunt, Mrs. H. J. Priestwood.

MORNING WEDDING

Mr. Charles Root and Miss Lily Wade were this morning married at the First Christian church at 11 o'clock by Rev. W. H. Pinkerton. Mr. Root is a well known and popular barber and his bride is a daughter of Mr. George Wade, of South Third street. They will leave next week for the west where Mr. Root will locate.

This is Mr. Root's third venture. He was this morning granted a divorce from Mrs. Bonnie Root, his second wife.

City Increases Its Offer to Roberts & Co.

The case of Roberts & Co., of New York, against the City of Paducah for \$9,915 damages for breaking a contract to sell the plaintiffs a refunding bond issue which they had arranged to dispose of to customers at a profit of the above, was this morning compromised for \$1,800, the city to pay all the costs. The suit had been on the docket for several years, and the finance committee of the general council met Friday night and authorized Judge R. T. Lightfoot, representing the city, to compromise for \$1,500.

Roberts & Co.'s attorneys declined this offer and today the city offered \$1,800, and to pay the costs, and this was accepted. The case will now be dismissed, in federal court.

MANY ARRIVE

Tomorrow the big spring tournament of the Paducah Gun Club begins and already there are many celebrated marksmen here to participate in the shooting. Among them is one lady, Mrs. Margaret Davis, of New York, who is registered at The Palmer. She is said to be one of the best woman marksmen in the country.

Among those here now are W. A. Long, Columbia, Tenn.; Charles G. Spencer, St. Louis; Thomas A. Cassott, New Haven, Conn.; John T. Anthony, Charlotte, N. C.; P. C. Ward and Guy Ward, Walnut Log Tenn.; Hoof Walters, Betts, Md.; Mrs. Margaret Davis, New York; E. B. Coe, Ed. Brady and W. H. Joyner, of Memphis. This afternoon a big practice shoot will be held.

DEATHS OF A DAY

Samuel Nicholas, a machinist, died Sunday morning at 829 South Tenth street of typhoid. He was 23 years of age and left a mother and father and several brothers and sisters. The funeral took place this afternoon at three o'clock and the burial was at Oak Grove.

Mrs. Katie Weiland died at St. John's, Saturday night of spleen trouble. She was 35 years of age. A husband and five children survive her. The burial took place at St. John's Sunday afternoon.

Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. Its medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine its as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly, G. T. SULLIVAN."

A SIDEWALK

CAUSES A DANGEROUS FEUD IN AN ILLINOIS TOWN.

Sterling, Ill., April 18.—A feud of six months' standing has broken out afresh in Harmon. The situation is such that prominent citizens are carrying firearms, as they are in peril of their lives. The trouble is the result of the village council placing a cement sidewalk around a store owned by Alderman C. B. Swartz, and because Swartz refused to pay for the walk after it was installed the village board tore up the sidewalk. Since then attempts have been made to indict the village board. Then a fire that threatened the destruction of the village was the result. Two store buildings owned by Alderman H. J. Durr and Alderman Dennis Conside, were burned.

Early the next morning the store owned by William Kugler, also a member of the village board, was wrecked by a charge of dynamite, and, in addition, his safe was torn to atoms and everything of any value was carried away. Detectives and blood hounds were hurried into the village. This morning Michael Burke was arrested by the state authorities and taken before a justice of the peace.

SPAN WRECKED

FOUR CARS LOADED WITH BEER WENT INTO THE RIVER.

Clarksdale, Miss., April 18.—A disastrous wreck occurred here on the Yazoo and Mississippi Valley railroad, which resulted in a loss of about \$30,000 to the company. The Snodgrass river at this point is spanned by a long iron bridge, with the usual superstructure. On the freight train which was passing at the time was a car loaded with a log derrick, an apparatus for hoisting logs on cars. Whose ever business it was to see to such matters neglected to have the crane on the derrick lowered, and the result was that it caught on the superstructure of the bridge. The first span was completely wrecked and fell into the river, carrying with it four cars loaded with a choice variety of beer. Fortunately no one was injured. It will be some time before the damage can be repaired, and until that time the fast trains, it is learned, will go over the Riverside division, while local traffic will be transferred at this point to a train made up here.

CLOSE CALL

RUSH FOR CARS ALMOST CAUSES THE LOSS OF A MAN'S LEG.

Mr. Gus Thompson, superintendent of the Paducah City Railway Co., has exercised every possible means to prevent people from boarding the street cars before they are stopped just after a ball game, but notwithstanding his efforts towards keeping the cars clear until stopped, the boys and men rush on, swing on and many are painfully crushed in the mad push to gain seats. Yesterday one man was knocked under the car, and but for the prompt action of a bystander would have been run over and a leg cut off. The unfortunate young man was pulled out just in time and other than a few slight bruises, escaped unhurt.

EMPEROR WILLIAM A SMOKER.

The German Emperor has now taken to the smoking of a most elaborate pipe, with specially prepared Havana. This marks a great advance on the mild cigarettes with which he commenced his sovereign career. After that he crept up to equally mild straw-colored cigars of Dutch make, costing a penny, though these he indulged in only at the close of the day. His present habit he has inherited from his father, who was a great smoker of the well known student pipes, such as Bismarck substituted for cigars toward the end of his life; and no popular portrait of "Unser Fritz" was thought to be perfect without his long, big-bowled pipe. The old Emperor never smoked nor snuffed, although the latter habit was adopted by Frederick the Great, and continued by three of his successors. But the greatest smoker of all the Hohenzollerns was Frederick's father, Frederick William I., the kidnaper of giants, whose only Parliament was the famous "Tabakcollegium."—Leslie's Weekly.

FELL OVERBOARD

COLORED MAN FROM PADUCAH DROWNED OFF MONIE HAUER.

"Shorty" Henderson, colored, of the city, was drowned off the Monie Hauer in Obion river a day or two ago. He had been at work on the boat for several months, and the only information received here of his death was that he fell overboard while handling a tow line, and did not come to the surface again. The body was not recovered.

BALLARD'S HOREHOUND SYRUP

Immediately relieves hoarse, croupy cough, oppressd, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes, May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, \$1. Sold by DuBois, Kolb & Co.

CURES COUGHS AND COLDS.

Mrs. C. Peterson, 625 Lake street, Topeka, Kansas, says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, \$1 bottle.

Sold by DuBois, Kolb & Co., Paducah, Ky.

PANIC AT CHURCH.

Evansville, Ind., April 15.—The Evening Lights church at Blackburn, Pike county, was dynamited while filled with people. A dynamite stick in an iron tube, placed under the front end of the building, exploded, tearing out one end of the church. No one was killed, but several were hurt in the panic.

CIGAR MEN

CAN NO LONGER USE UNION LABEL ON CAUTION NOTICE.

Collector Craft at Louisville has received notice from Internal Revenue Commissioner John W. Yerkes that manufacturers of cigars must be notified to at once discontinue the use of the union label in connection with the caution notice label required on the boxes by the government. Commissioner Yerkes hands down an opinion in the matter, which is, in part, as follows:

"The regulations further prescribe that the caution notice label shall be printed upon plain white paper, separate and independent of any other printed matter and be disconnected entirely from any other label, trademark, name or brand of goods. The caution notice is distinctively a government label, designed as a protection against fraud, and as a warning to persons against violation of the law in the re-use of the boxes for cigars, and failure to destroy the stamp when the box is so employed.

"This office regards the imprinting of the union label or other extraneous matter on the caution notice label as not in harmony with the spirit and intent of the law and as contrary to the regulations. Manufacturers are permitted to put union labels on the boxes in any place or manner not in conflict with the law and the regulations, but the imprinting of it on the caution notice will not be authorized or permitted."

MUCH SULPHUR

BURNED AT THE HIGH SCHOOL BUILDING SINCE FRIDAY.

The parasites discovered in the High-school building last week have nearly all been exterminated, and if any more show up the heroic measures adopted in fumigation will be continued.

The bugs were first seen crawling along the walls and only a few were noticed. They became so thick finally that the teachers made an examination and measures to rid the building were immediately taken.

Friday afternoon over 150 pounds of sulphur were burned. This proved successful in a measure but still the little bugs were seen crawling about and Saturday the same treatment was continued and kept up until Sunday morning at ten o'clock. This morning there were few bugs to be seen and if these drastic measures do not prove successful Sept. 1st will have the board secure a professional fumigator to take the matter in hand.

FULTON PEOPLE HAVE ANOTHER ATTACK OF SEEING THINGS.

It is again reported at Fulton that Fulton is to be made the terminus of the Tennessee division, instead of Paducah and that all freight cars will then be changed there. This would make the divisions from Louisville to Central City, Central City to Fulton, and Fulton to Memphis. No officials about Paducah have heard anything about the alleged plan and it is only another "smokeup" in all probability.

ANOTHER LINCOLN STORY.

The old red brick court house which has been a central figure in the public square of Booneville, Ind., since the year 1850 is being pulled down to make room for a fine brick and stone structure of modern architecture.

This brings to mind another court house standing on this site, where a tall, awkward youth destined to become the fool of his nation used to attend court and drink in the eloquence rude or otherwise, of Judge and lawyer. He used to walk for this purpose from his home near what is now called Lincoln City, seventeen miles away, sometimes carrying his shoes in his hands until he reached the town.

The last one of his old school mates, Mr. Gentry, of Gentryville, died recently. The local newspaper in a notice of his death stated that he was fond of telling stories of this illustrious friend of his boyhood.

One of Lincoln's old neighbors said: "The last time I saw Abe Lincoln he was a ridin' over that air hill on a calf. This calf was a jinnap'n' stiff-legged an' a-belerin'. I loved he was hisself. An' Abe wuz swingin' his hat an' a-bangin' on. But law, he could a-wound his legs clean round the critter."

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease.

They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out the poison the sore must heal, because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

FROM CALF OF THE LEG TO ANKLE A SOLID BONE.

New Castle, Pa., July 20, 1903.
Three years ago a common bull appeared on the calf of my limb. Not yielding to simple home remedies, I consulted a physician, who prescribed a poultice, flax seed, supposedly. By some fearful mistake I was given corrosive sublimate, and after having it on for a few minutes I could endure the pain no longer, so took off the application and found that my limb from the calf to the ankle was in an awful condition. I immediately sent for another physician, who told me I had been poisoned. My limb from the calf to the ankle was one solid inflamed sore. I was advised to begin S. S. S. and improved rapidly under its use, but about this time I had an attack of typhoid fever, and this attacked in the original sore. This, of course, caused a back set, but having confidence in the ability of S. S. S. I began it again as soon as I was over the fever, and to make a long story short, was completely and permanently cured. Two years have elapsed, and I have never had a return of the trouble. MRS. K. A. DUFFY, 214 W. Washington St.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1902, by McClure, Phillips & Co.

Meredith's heart was beating fast. "What's it all about?" he asked.

"Phone down the line," answered the man in charge, removing a truck from his mouth. He motioned to the conductor, "Go ahead!"

The wheels began to move; the decorations remained on the station platform, letting the train pass them, but Meredith, craning his neck from the steps, saw that they jumped on the last car.

"What's the celebration?" asked Harkness when Meredith returned.

"Phone down the line," said Meredith.

"Nipping weather for a picnic. A bit cool, don't you think? One of those fellows looked like a friend of mine, Homer Tibbs, or as Homer might look if he were in disgrace. He had his hat hung on his eyes, and he slouched like a thief in melodrama as he tucked up a thief in melodrama as he tucked up the hunting on this side of the car."

He continued to point out various familiar places, finally breaking out enthusiastically as they drew nearer the town: "Hello! Look there—beyond the grove yonder! See that house?"

"Yes, John."

"That's the Bowlders. You've got to know the Bowlders."

"I'd like to."

"The kindest people in the world. The Harkness house we can't see because it's so shut in by trees, and, besides, it's a mile or so ahead of us. We'll go out there for supper tonight. Don't you like Harkness? He's the best they make. We'll go uptown with Judd Bennett in the omnibus, and you'll know how a rapid fire machine gun sounds. I want to go straight to the Herald office."

He finished, with a suddenly darkening brow.

"After all, there may be some explanation," Meredith suggested with a little hesitancy. "H. Fiske might turn out more honest than you think."

Harkness threw his head back and laughed. "Honest! A man in the pay of Rodney McCune! Well, we can let it wait till we get there. Listen! There's the whistle that means we're getting near home. Why, there's an owl!"

"So it is."

"And another—three, five, seven—seven in sight at once! They tried it three miles south and failed, but you can't fool John Watts, bless him! I want you to know Watts."

They ran by the outlying houses of the town amid a thousand descriptive exclamations from Harkness, who wished Meredith to meet every one in Carroll. But he came to a pause in the middle of a word. "Do you hear me, sir?" he asked abruptly, "or is it only the rhythm of the tide?"

"It seems to me there's music in the air," answered his companion. "I've been fancying I heard it for a minute or so. There! No—yes. It's a bird, isn't it?"

"No. What would a bird—yes, it is."

The train slowed up and stopped at a water tank 200 yards east of the station, and their inactivity was at an end. From somewhere down the track came the detouring boom of a cannon.

There was a crash of brass, and the travelers became sure of a band playing "Marching Through Georgia."

Meredith laid his hand on his companion's shoulder. "John," he said.

"John!"

The cannon fired again, and there came a cheer from 3,000 throats, the shouters all unseen. The cannon coughed and panted, the train rolled on, and in another moment it had stopped alongside the station in the midst of a riotous jam of happy people who were waving flags and banners and handkerchiefs and tossing their hats high in the air and shouting themselves hoarse.

The band played in dumb show. It could not hear itself play. The people came at the smoker like a long wave, and Warren Smith, Harkness, Keating and Mr. Hene of Glines were swept ahead of it. Before the train stopped they had rushed eagerly up the steps and entered the car. Harkness was on his feet and started to meet them. He stopped.

"What does it mean?" he said and began to grow pale. "Is Harkness—did McCune—have you?"

Warren Smith seized one of his hands and Harkness the other. "What does it mean?" cried Warren. "It means that you were nominated for congress at five minutes after 1 o'clock this afternoon!"

"On the second ballot," shouted the judge, "just as young Fiske planned it weeks ago."

It was one of the great crowds of Carroll's history. Since noon an almost unintermittent procession of pedestrians and vehicles had been making its way to the station, and every wagon, hack, buggy and "candy under" had its flags or bunting or streamer of ribbons tied to the whip. The excitement increased as the time grew shorter. Everybody was struggling for a better position. The people in wagons and carriages stood upon the seats, and the pedestrians besieged them, climbing on the wheels or balancing recklessly with feet on the hubs of opposite wagons. Everybody was bound to see him. When the whistle announced the coming of the train the band began to play.

the cannon fired, horns blew and the cheering echoed and re-echoed till heaven's vault resounded with the noise the people of Carroll were making.

There was one heart that almost stopped beating. Helen was standing on the front seat of the Harkness hackboard, with Minnie beside her, and at the commotion the horses pranced and backed so that Lige Willets ran to hold them. But Helen did not notice the frightened horses, nor did she know that Minnie clutched her round the waist to keep her from falling. Her eyes were fixed intently on the smoke of the faraway engine, and her hand, lifted to her face in an uncertain, tremulous fashion, as it was one day in a circus tent, was laid against the deepest blush that ever mantled a girl's cheek. When the train reached the platform she saw Harkness and the others rush into the bustling covered car, and there ensued what was to her an almost intolerable pause of expectation while the crowd assembled the windows of the smoker, leaping up and climbing on each other's shoulders to catch the first glimpse of him. Harkness and a red faced young man (a stranger to Plattville) came down the steps, laughing like boys, and then Keating and Hene, and then Warren Smith. As the lawyer reached the platform he turned toward the door of the car and waved his hand as in welcome. "Here he is, boys," he shouted.

At that it was as if all the noise that had gone before had been mere leakage of pent up enthusiasm. A thousand horns blared defiantly; the whistle of the locomotive and that of Harkness's mill were added to the din; the courthouse bell was peeling out a welcome, and the church bells were ringing; the cannon thundered, and then cheer on cheer shook the air as John Harkness came out under the flags and passed down the steps of the car.

When Helen saw him over the heads of the people and through heaving tumult of flags and hats and handkerchiefs she suddenly gave a frightened glance about her and jumped down from her high perch and sank into the back seat of the hackboard, with her burning face turned from the station and her eyes fixed on the ground. She wanted to run away, as she had run from him the first time she ever saw him, and then, as now, he came in triumph, hailed by the plaudits of his fellows.

When Helen saw him over the heads of the people and through heaving tumult of flags and hats and handkerchiefs she suddenly gave a frightened glance about her and jumped down from her high perch and sank into the back seat of the hackboard, with her burning face turned from the station and her eyes fixed on the ground. She wanted to run away, as she had run from him the first time she ever saw him, and then, as now, he came in triumph, hailed by the plaudits of his fellows.

Every Business Has a Standard

One House That Stands Alone

Notice special display of fine Summer Shirts in window. Each week this display will be changed and devoted to different line.

Towering above all others for public confidence, for best merchandise, for honest business methods, this high standard cannot be attained by the "jolly-along" and slap-you-in-the-back methods indulged in by some houses. But by a constant endeavor to always please and always give the people the best quality at the right prices, these methods have placed us at the VERY TOP--The Standard Clothing House of Paducah, and that is why the people have learned to look to us for the best in everything we sell, and we never disappoint.

Why Not Wear Good Clothing

It's just as easy as it is to wear the inferior kind. They don't cost any more here and there's a whole lot more satisfaction in wearing a suit that don't get out of shape, that fits and hangs right, that makes you feel dressy when you put 'em on. You get that in our Hand Tailored Suits for men and young men, and you get still more, you get personal attention from experienced salesmen who won't let you take a suit out of the house unless it fits in every detail and you are thoroughly satisfied with the color and the style. Better come in and see what we're showing for spring. Might find it worth your while.

Are You Particular About Underwear

Perhaps you'll be interested in your summer supply soon. We are agents here for the genuine **Belfast All Linen Mesh Underwear**. Nothing to compare with it in Paducah. Special display of balbriggan, lisle and mercerized silk, in light and medium weight underwear now in.

Shirts of Character

Very striking styles that we have selected with an eye to their being different from shirts shown by others. Such standard makes as Monarch, Star, Eclipse, Cluett and E. & W shirts in imported and domestic fabrics, cuffs attached or detached, plain or plaited bosoms, fine linens, madras, silk and mercerized silk fabrics, all sleeve lengths, on show now, spring and summer, \$1 to \$1.50.

The Clyde is due tomorrow from Tennessee river.

The J. B. Williams passed down yesterday with a big tow.

The Royal arrived and departed on time today for Golconda.

The Joe Fowler left at 10 o'clock for Evansville with a good trip.

The Dick Fowler left on time this morning for Cairo with good trip.

The Hook is working with the sand digger trying to pull it into the river.

The Rees Lee passed up yesterday and the Peters Lee is due down tomorrow.

The Chattanooga got in last night from Tennessee river and is at Joppa unloading.

The Butterfield left at noon for Clarksville. She will return Wednesday and leave for Nashville.

The John Summers is laying here at the wharf. She will go out in a day or two for Tennessee river.

Captain H. Baker, of the Ayer and Lord Co., returned from Memphis this morning where he had been on business.

First Clerk Lee Rhodes, of the Dick Fowler, who had been off on account of illness since Thursday, resumed his

place this morning.

The Tennessee got out Saturday for Tennessee river with a good trip. She had been lying up here repairing, the result of the collision with the Memphis.

The officers of the mates' union recently organized here by Mr. Hayman are: C. Pete Wilton, president; J. A. Love, vice president; John Austin secretary and treasurer.

STILL AGROUND

SAND DIGGER GETS FURTHER FROM THE RIVER EVERY HOUR.

It begins to look as if Paducah must obtain her sand elsewhere, unless a new digger can be secured. After days of work and waiting, the digger is still hard and fast in the cornfield opposite the city on the Illinois shore, and it is claimed by experienced river men is there to stay until the river rises high enough to float it off, which will probably not be until late this year, if then.

The boat was blown ashore by the wind and left on the bank, and the river at once began to fall, and this morning was farther from the bank than ever, as the river has been falling rapidly. It is said that the digger would be pulled to pieces if a large towboat were secured to take a try at her, and would sink if it were launched into the river.

BIG EXCURSION.

NEARLY 300 CAME HERE FROM ST. LOUIS YESTERDAY.

The first big excursion of the season was run into Paducah yesterday by the Sportsmen's League, of St. Louis.

When the train left St. Louis there were seven coaches and over three hundred excursionists aboard, but only about 275 reached Paducah, the remainder having gotten off at stations between this terminal.

The crowd was orderly. A number of the visitors went to Wallace park to witness the defeat of the St. Louis Diels. St. Louis' crack amateur team, but little rooting was heard from the St. Louis crowd.

QUITE A RUSH

MR. F. W. KATTERJOHN EXPECTS TO HAVE IMPROVEMENTS SOON IN.

Contractor F. W. Katterjohn went to Cedar Bluff today to superintend the erecting of a big ninety foot smoke stack which will be put up this week.

Mr. Katterjohn, as previously stated, will install several new boilers, making a battery of six boilers, and his air compress is expected from New York daily. He intends to have all improvements to his quarries completed within a month or two and will more than double his output of crushed stone.

Mr. Katterjohn had contracted to furnish crushed stone for the streets in Memphis, but has to cancel the contract on account of the failure of the I. O. road to furnish cars. He will make a specialty of furnishing crushed stone for street purposes, and feels sure it will replace the bad grade of gravel found in this section, particularly.

NEW POSITIONS

MR. C. E. HOLLAND GOES INTO DISPATCHERS OFFICE.

Mr. C. E. Holland, of a southern railroad, is in the city and will succeed Mr. W. V. Owsley, day operator in the local I. O. Trainmaster's office. Mr. Owsley was acting in Operator Tom Glenn's place temporarily. Mr. Glenn was promoted to night ticket agent in the Illinois Central office.

Mr. James Qualls, of Princeton, Ind., is in the city and will succeed Mr. Baker, stenographer in Trainmaster Henry Schenck's office here.

The application for the removal of W. J. Bryn as executor of the Philo S. Bennett estate was denied at New Haven.

LINDO HERE

HE CAME TO ATTEND FEDERAL COURT AND HAS A STRING TO HIM.

Lindo Murphy, of Graves county, known in that section as the "King of Bootleggers," was brought to the city this morning by Major George Saunders and will answer to the federal authorities for illicit whiskey selling. Murphy is out on bond and was arrested at Clinton last week, fined \$600, and placed in jail to serve the fine out. This of course seemingly made it impossible for him to answer here, but Major Saunders was delighted to get him and went to Hickman Saturday night, arriving with his prisoner this morning at 7:45.

SHOT IN HAND

LISTON CROSS PAINFULLY HURT LAST NIGHT.

Mr. Liston Cross, son of Officer Cross and employed by the American Express Co., accidentally shot himself last night about 9 o'clock at the union depot while toying with a loaded revolver.

The young man was exhibiting the pistol to friends and while attempting to show the mechanism the gun exploded and the ball went through the left hand just below the little finger. The wound was dressed by Dr. H. P. Sights and is not serious. The hand was painfully burned by the powder, and is really more painfully injured in this way and from the bullet.

Attorney General Knox has handed to the President his opinion regarding the validity of the Chinese exclusion law. He holds that the denunciation of the treaty by China does not operate to nullify the existing laws.

Attorney Max Hanberry of Cadiz, Ky., is the city today.

FIRE STATIONS

THE APPARATUS WILL BE HERE BY JUNE 15TH.

The work on the Tenth and Clay street fire station will be completed within twenty days and the limit placed on the building at Jones and Tenth street is sixty days.

Fire Chief Woods estimates that the buildings will be completed within two and a half months and the apparatus installed for service.

The apparatus will arrive here about June 15th and will require no work other than merely running it into the buildings and rigging up harness holders, etc. Chief Woods is very anxious to have the improvements completed and is rushing the work as fast as possible.

DEAD IN CHAIR.

SAM FOSTER FOUND STIFF AND COLD AT GOLOONDA.

An old man named Sam Foster, who for years lived in the country north of Golconda, was found dead sitting in a chair in one of the saloons in that city Friday evening. Persons had been walking around him for hours, and from his position, with his chin dropped on his breast, he was thought to be sleeping. His condition was discovered when he was spoken to and failed to answer. He had apparently been dead for some time, for when the discovery was made he was found to be cold and rigid.

REGULAR MEETING

COUNCIL WILL BE IN SESSION THIS EVENING.

The regular meeting of the councilmanic board will be held this evening at the city hall at the usual time, and a number of matters will come up, but none of unusual importance. It is understood that one resolution to come up will be that delegating to the Board of Public Works any authority the general council may have in the contract with Contractor E. C. Terrell for street paving, thus turning over the entire matter to the board, where it belongs.
